## *Who we are !*

PYC is a youth group based in Palestine - Gaza City, founded in 2017  
The PYC works to create change in the Palestinian community ,  
spreading prosperity and development, and create an encouraging  
youth work environment, freedom of expression, climate change,  
sharpening the skills of youth, motivating them, and supporting  
them to make change and help their communities

We work, pray, and dream for a future

Where a free press, accountability , transparency, political and civic  
participation of youth, community service and volunteering,  
easy access to education, gender equality, and the values of  
tolerance, compassion, and solidarity

Leading our nation and our young world, and we will work with  
partners around the world to bring this world closer every day

## *Our vision :*

At the local level, we dream of a better reality of movement, without all the  
checkpoints and borders, and we dream of seeing a youthful community full  
of energy, hope and passion, and a future full of opportunities

We are looking for a better educational reality, with easy access to  
educational institutions, and better quality of education

We dream of seeing a better reality for women's rights

At the global level, we dream of seeing a closer world, where cooperation  
and partnership lead our relationships with youth organizations and  
.communities from around the world

Where we can work together to address the issues and challenges facing our  
world

We dream of raising awareness of green culture and recycling .

We have a vision of a world where everyone has better opportunities, and  
where we are united and cooperating for our future

### ***Our activates :***

We run several activities, from community services and volunteering,

to youth exchange and cultural programs. We also created and lead the first women's cycling club in Palestine, not only for sports, but also to highlight on the reality of women's rights

We lead and create activities and events to highlight and spread awareness about human rights, freedom of expression, and the right of education

We also have a partnership with some organizations where we work to recycle and use various tools to serve the community, in order to preserve our planet and our resources

We also create and lead activities and projects where we work to improve the skills of young people, whether professional or social, and spread the values of tolerance and solidarity

### ***Our partners and our team :***

We have a youth team with university educational qualifications and good experience in youth work

We have a well-experienced project management team

Our team also has good experience in cultural and youth exchange programs, leading and creating awareness campaigns, and we are partners within the Erasmus+ program with some of the youth organizations from around the world

Most of our team members are active in the European Solidarity Corps
